

Quarterly Journal of Microscopical Science

174

QH
201
Q2

EDITOR

JOHN R. BAKER, D.Sc., F.R.S.

VOLUME 102. Third Series

Published for the Company of Biologists Limited

OXFORD: AT THE CLARENDON PRESS

1961

CONTENTS

Volume 102, Part 1

Thompson, T. E. The Structure and Mode of Functioning of the Reproductive Organs of <i>Tritonia hombergi</i> (Gastropoda Opisthobranchia)	I
Owen, G. A Note on the Habits and Nutrition of <i>Solemya parkinsoni</i> (Protobranchia: Bivalvia)	15
Guttes, E., and Guttes, S. On the Filamentous Elements in the Nucleoli of Chick Embryo Fibroblasts	23
Highnam, K. C. The Histology of the Neurosecretory System of the Adult Female Desert Locust, <i>Schistocerca gregaria</i>	27
Nath, V., Gupta, B. L., and Kochhar, D. M. The Histochemistry of the Male Germ-cells of the Nematode <i>Porrocaecum angusticolle</i> , a Parasite in the Vulture	39
Sud, B. N. Morphological and Histochemical Studies of the Chromatoid Body in the Grass-snake, <i>Natrix natrix</i>	51
Ross, K. F. A. The Chemical and Physical Nature of the Visible Regions of Mouse Ascites Tumour Cells, and of the Cells of Solid Tumours grown from them	59
Chou, J. T. Y. A Cytological and Histochemical Study of the Stria Vascularis of the Guinea-pig's Ear	75
Malhotra, S. K. A Comparative Histochemical Study of the 'Golgi Apparatus'	83
Andrew, W. Phase Microscope Studies of Living Blood-cells of the Tunicates under Normal and Experimental Conditions, with a Description of a New Type of Motile Cell Appendage	89
Endean, R. The Test of the Ascidian, <i>Phallusia mammillata</i>	107
Kraińska, M. A Morphological and Histochemical Study of Oogenesis in the Gall-fly <i>Cynips folii</i>	119
George, J. C., and Talesara, C. L. Histochemical Observations on the Succinic Dehydrogenase and Cytochrome Oxidase Activity in Pigeon Breast-muscle	131

Volume 102, Part 2

Batham, E. J., Pantin, C. F. A., and Robson, E. A. The Nerve-net of <i>Metridium senile</i> : Artifacts and the Nerve-net	143
Nichols, D. A Comparative Histological Study of the Tube-feet of two Regular Echinoids	157

Millott, N., and Manly, B. M. The Iridophores of the Echinoid <i>Diadema antillarum</i>	181
Campion, M. The Structure and Function of the Cutaneous Glands in <i>Helix aspersa</i>	195
Phillipson, J. Histological Changes in the Gut of <i>Mitopus morio</i> (Phalangiida) during Protein Digestion	217
Sims, R. T. The Turnover of Melanin in <i>Xenopus laevis</i> treated with Phenylthiourea	227
Rothschild, Lord. Structure and Movements of Tick Spermatozoa (Arachnida, Acari)	239
Hartley, J. C. The Shell of Acridid Eggs	249
Anderson, D. T. The Development of the Polychaete <i>Haploscolo-</i> <i>plos fragilis</i>	257
Sud, B. N. The 'Chromatoid Body' in Spermatogenesis	273

Volume 102, Part 3

Skaer, R. J. Some Aspects of the Cytology of <i>Polycelis nigra</i>	295
Robson, E. A. A Comparison of the Nervous Systems of two Sea-Anemones, <i>Calliactis parasitica</i> and <i>Metridium senile</i>	319
Dales, R. P. The Coelomic and Peritoneal Cell Systems of some Sabellid Polychaetes	327
Srivastava, U. S., and Bahadur, I. The Development of the Mal- pighian Tubules in <i>Dysdercus koenigi</i> (Hemiptera, Pyrrhocoridae)	347
Virabhadrachari, V. Structural Changes in the Gills, Intestine, and Kidney of <i>Etroplus maculatus</i> (Teleostei) adapted to Differ- ent Salinities	361
Runham, N. W. The Histochemistry of the Radula of <i>Patella vul-</i> <i>gata</i>	371
Guraya, S. S. Lipids in the Human Oocyte	381
Malhotra, S. K. Coloration of the Golgi-Nissl Network in a Verte- brate Neurone by Sudan Black	387
David, G. B., and Brown, A. W. The Histochemical Recognition of Lipid in the Cytoplasmic Network of Neurones of Vertebrates	391
Ashhurst, D. E. The Cytology and Histochemistry of the Neurones of <i>Periplaneta americana</i>	399
Marsden, C. D. Tyrosinase Activity in the Pigmented Cells of the Nucleus Substantiae Nigrae. I. Monophenolase and Diphenol- ase Activity	407
Blest, A. D. Some Modifications of Holmes's Silver Method for Insect Central Nervous Systems	413

Volume 102, Part 4

Young, M. R. Principles and Technique of Fluorescence Microscopy	419
Dilworth, S. A New Automatic Machine for staining Histological Sections	451
Ashurst, D. E. A Histochemical Study of the Connective-Tissue Sheath of the Nervous System of <i>Periplaneta americana</i>	455
Ashhurst, D. E., and Chapman, J. A. The Connective-Tissue Sheath of the Nervous System of <i>Locusta migratoria</i> : an Electron Microscope Study	463
Marsden, C. D. Tyrosinase Activity in the Pigmented Cells of the Nucleus Substantiae Nigrae. II. Further Observations on Monophenolase Activity	469
Habibulla, M. Secretory Structures associated with the Neurosecretory System of the Immature Scorpion, <i>Heterometrus swammerdami</i>	475
David, G. B., Brown, A. W., and Mallion, K. B. On the Identity of the 'Neurofibrils', 'Nissl Complex', 'Golgi Apparatus', and 'Trophospongium' in the Neurones of Vertebrates	481
Sud, B. N. Morphological and Histochemical Studies of the Chromatoid Body and Related Elements in the Spermatogenesis of the Rat	495
Vickers, T. A Study of the so-called 'Chloride-Secretory' Cells of the Gills of Teleosts	507
Edwards, J. S. On the Reproduction of <i>Prionoplus reticularis</i> (Coleoptera, Cerambycidae), with General Remarks on Reproduction in the Cerambycidae	519
Jones, W. C. Properties of the Wall of <i>Leucosolenia variabilis</i> . I. The Skeletal Layer	531
Jones, W. C. Properties of the Wall of <i>Leucosolenia variabilis</i> . II. The Choanoderm and the Porocyte Epithelium	543
